## PRODUCTION

Bottled in 1998 and made from the 1934, 1936, 1941 and 1943 vintages, the Vieille Eau de Vie is another rare heritage label. It was made by double distilling fermented grape alcohol, which was then aged in walnut and demi-muids chestnut casks. It has strong notes of liquorice, honey and chocolate with a smooth warming mouth feel.

## PAIRING

The Vieille Eau de Vie de Ksara is best served as a digestif and it is an excellent accompaniment with the finest cigars.
